A BEDFORD druggist has departed for parts unknown leaving indebtedness amounting to about \$9,000. Sensational occurrences are frequent in the stone city.

PRESIDENT ROOSEVELT'S peace plans have been favorably received by all the powers. As usual the United States leads in important matters. Then Roosevelt is a remarkable leader in whom the whole world has confidence.

THE best place for Seymour people to do their trading is in Seymour. The merchants have the goods and they make the prices right. Do your trading at home. Be loyal to home business men.

PAUL MORTON, the present secretary of the Navy, has been elected chairman of the board of directors of the Equitable Life Assurance Society. He is a man of large ability and can probably put the Equitable out of the trouble caused by a warring director.

BECAUSE of alleged gossip an Odon citizen was horsewhipped by the wife of another prominent citizen. While the woman laid on the lash, her husband had her victim covered with a revolver so he could do nothing but stand and take it. Here is a man who will always remember the pain sometimes caused by gossiping.

THE petition filed before the council Thursday night was not turned down. The petitioners suggested two or three different things for the council to consider and these will be considered fully before any further action is taken. Nothing more could be asked at this time and the petitioners in general seem to be satisfied with the action so far.

IF ANY democratic member of the council or city officer sincerely thinks he does not earn his salary he can turn the unearned portion back into the city treasury and he ought to do it if he thinks he is not worth it. Messrs. Honan, Shea and Burkart say in substance in their paper that city officers, including the marshal who is a democrat, and the five democratic councilmen do not earn their salaries. Ask the marshal for instance if he thinks he is overpaid.

OUR esteemed contemporary, the Democrat, seems to have a spite against Councilmen J. S. Mills, who is a democrat. He voted for the new salary ordinance and the Democrat harped about that for awhile. Mr. Mills is chairman of the building committee which has charge of the plans for a new city building and a fire department house, and the Democrat makes a thrust at that committee as well as at Huber and other members of the council because they decided to make full investigation before taking final action on the proposition. These thrusts at Mr. Mills may have some significance in the democratic household for some democrats have been suggesting that the democrats make Mr. Mills their candidate for mayor and the purpose of the Democrat may be to forestall that in the interest of Lon Prewitt, or J. N. Gibson who according to current reports, have ambitions to draw the mayor's salary.

## Farm Sold.

The Harmon Holtman farm just south of town has been sold to John G. Pfaffenberger for \$4800. The trade was made by W. H. Burkley.

Mrs. H. C. Montgomery and children returned this afternoon from a visit at Crothersville.

## SCHOOL POPULATION

Enumeration Shows A Decrease In Sixty Counties.

The school enumeration for 1905 which has been received at the office of State Superintendent Cotton, shows that in 60 of the 92 counties there was a decrease in the number of school children. The total decrease in these counties is 410.

The total enumeration was 768,432. If there is such a thing as "race suicide" in Indiana the report would indicate that it exists in the rural communities, which show the greater decrease in the number of school children. The total decrease outside the cities was approximately 8000 while the increase of the cities was nearly that much. The report also indicates that the gas belt, which enjoyed such a tremendous growth, is now losing population, as in Madison County alone, in which Anderson, Alexandria and Elwood are located, there was a decrease of 800, which is probably due to the removal of many factories on account of the failure of gas.

There are 15,562 colored school children as compared to 15,408 in 1904. There are over 20,000 more male school children than female.

## Harvest Almost Here.

Farmers who were in town today state that some wheat in this county will be ready to harvest the latter part of next week. The harvesting machinery is being put in order and as soon as the wheat is ready harvest will begin. The wheat is looking well and if it fills out well the yield will be above the average.

## Grange Contest.

The contest that has been carried on by the Seymour Grange for some time was ended today but it was of such large proportions that the winner could not be determined in time for announcement today. The contest has been one of much interest and about which we will have more to say.

## Lecture to Ladies.

## Freak Corn Cob.

Oliver Sweeney, of Redding township, brought to town today a freak corn cob, that is shaped somewhat like a human foot. There is an unnatural extension at the small end of the cob giving it this appearance.

## BORN.

To Rev. J. T. Charlton and wife, of Noblesville formerly of this city, a son, Thursday, June 8.

Osteopathy is a science of healing based upon the most perfect obtainable knowledge of anatomy and physiology of the human body. It is not faith cure or massage. Osteopathy reasons that when all the structures and tissues of the body are in their position and condition so that nerve forces and circulation of the fluids are in no way interfered with, health is the natural result. It means the location of the cause of diseased conditions, and the removal or correction of the cause and the restoration of normal nerve and blood conditions. During the past four months Dr. Dawson has demonstrated that Osteopathy will do all that has been claimed for it, having cured both acute and chronic conditions where other methods have failed to relieve.

Consultation and examination free by appointment and if your condition cannot be relieved you will be frankly told so. Office No. 8 Chestnut street, Phone No. 9.

## INJURIES FATAL.

Old Soldier at Crothersville Died Thursday Night.

William Cox, an aged resident of Crothersville died Thursday night and it is reported that his death was due to injuries he received at the hands of Charles Abbott several days ago. All that time the two men had trouble and Abbott, who is a young and strong man dealt Mr. Cox a heavy blow on the jaw. From the first it was known that the old man was seriously hurt and might not recover. Abbott left Crothersville as soon as he learned that Cox might not recover. The town marshal went after him and in time succeeded in finding him and brought him back. He broke jail and was arrested, but later it was believed that Mr. Cox would recover and Abbott was let out of jail. Now it is reported that Abbott is keeping away from town. An attempt was made Friday to rearrest him but he resisted the officer with a hoe. Unless he gets out of the neighborhood he will certainly be taken in custody.

Mr. Cox was an old soldier having served through the civil war.

## Soldier Ambitions.

The Indianapolis News gives some notoriety to a Seymour boy who wants to be a soldier by publishing the following paragraph:

"Governor Hanly has received a letter from G. L. Hattabaugh, a fifteen year old boy of Seymour, Ind. stating that his desire to be a soldier has suffered a rebuff because of his age. The writer says that as a substitute he has organized a local company among the boys at Seymour, the name to be the 'Seymour National Guard,' and asks the Governor if this company can not be taken in as part of the Indiana National Guard. 'Seems too bad to refuse one of his enthusiasm,' meditated Fred L. Gemmer, secretary to the Governor, as he wrote the boy a reply."

## Law Is Strict.

On page 688 of the acts passed to the last legislature are two laws which should commend themselves to every good citizen. Section 456 of the acts says:

"It shall be unlawful for any person to sell, barter or give to any other person under the age of twenty-one years any pistol, dirk or bowie-knife slay-shot, knucks or deadly weapon that can be worn or carried concealed upon or about the person, or to sell, barter or give to any person under the age of twenty-one years any cartridges manufactured and designed to be used in a pistol or revolver. Any person who shall violate any provisions of this section shall be deemed guilty of a misdemeanor, and, on conviction shall be fined not less than \$5 nor more than \$50."

## Gun Club Shoot.

McNicholas on an old charge filed five or six years ago sustained the motion of the defense to dismiss the case since he had not been arrested on this charge. ## Delineator For July.

A magazine that is filled with seasonal interest for women is the July Delineator. In it the Summer fashions are exquisitely pictured, and described by such fashion authorities as Helen Berkely-Loyd and Edouard La Fontaine, of Paris, who write for the magazine exclusively. Albert Bigelow Paine's serial, "The Lucky Piece," develops an element of mystery that adds to the interest of the story, and there is also a short story by Zona Gale, "The Never-Lighted Fire"—a very delicate piece of work. Entertaining stories and pastimes are provided for the little ones, and a variety of articles on domestic topics will be of particular value at this season when the demands upon the housewife are exceedingly trying.

## Must Obey The Law.

The Supreme Court Friday held the act of 1903, requiring justices affecting county affairs, given by auditors and treasurers, to be published in two leading newspapers published in their respective counties, representing the two political parties casting the highest number of votes in such counties respectively at the last preceding general election," applies to notices of allowances made by boards of county commissioners, and by the regular and special judges of all courts. "Statements" of allowances were required to be printed in one newspaper, by an act passed in 1899, and it was urged that these "statements" were not notices. The suit was brought on behalf of the Lafayette Democrat against the auditor of Tippecanoe county, and an order commanding him to publish the allowances in a Democratic newspaper of the county was obtained, which the Supreme Court affirmed.

## Push a Good Thing Along

Is a motto that we believe in. That's why we are advising everyone to use our manufactured ice. Not only is it a 'good thing,' but it is the best ice on the market for both household and business use, and its price is low.

Clean ice made by the most perfect and sanitary process known is better than dirty ice cut from rivers or ponds and stored in dirty ice houses. We know this to be true, and you do, too. So why not give us your orders for our manufactured ice? After using it once you will never use any other kind. Telephone your orders to our ice plant. They will be filled to once.

## NO FEE TO FISH

In Michigan, the Mecca This Year of Indiana Tourists as in Years Past.

Positive information received from Michigan authorities states there is no truth whatever in a report that an annual fee of \$2.00 for any other fee is to be imposed on non-resident fishermen in Michigan. A rumor of such a law having been passed in Michigan is stamped as absolutely without foundation. The origin of this false report is traced to talk current last winter when a question was raised in legislative proceedings concerning the subject, but no action taken, legislators not deeming such a measure advisable. Nothing further has been done, and tourists from Indiana are assured that they need not forego their customary outing to Michigan resorts this summer on the score of being confronted by a tax collector, for there are none such to bar the way.

Judging from the many inquiries already received by W. W. Richardson, Assistant General Passenger Agent of the Pennsylvania Lines, Indianapolis, regarding Michigan resorts and the famous fishing, there will be more than the usual number of Indiana tourists enjoy their summer outing in those health and pleasure havens where either hay fever nor fishing fees exist.

## RECALLS TRAGEDY.

New Albany Paper Mentions Lynching of 1868.

The New Albany Ledger in answer to a question recalls a tragedy that Seymour people will never forget. The Ledger says:

"The mob arrived at New Albany on a special train over the J. M. & I. railroad—now the Pennsylvania—and proceeded at once to the jail, arriving there at near 1:15 o'clock on the morning of December 12, 1868. The mob came nominally from Seymour, but there were men in it from Lafayette, Indianapolis, Vincennes and Seymour. The mob surrounded the jail and all its members were armed with revolvers. A part of the mob entered the jail, called up Sheriff Thomas J. Fullenlove, by force got from him the keys to the jail, and by 2 o'clock in the morning had hanged from the iron bridges around the upper tier of cells Frank Reno, Simeon Reno, William Reno and Charles Anderson. The mob completed its work within an hour after entering and surrounding the jail. In trying to escape from the jail to give an alarm to the citizens, Sheriff Fullenlove was shot in the arm and badly wounded."

The Ledger also characterizes it as the most terrible tragedy that was ever enacted in southern Indiana, but it evidently forgets the hanging of Levy gang in Ripley county five or six years ago.

## STATE NEWS NOTES

### Incidents and Accidents and Doings of Note Throughout the State.

#### RAILWAY COMMISSION

New Department of Administration Is Getting Down to Smooth Running Order.

Not Known What Success Has Followed Attempt to Stop Use of Railway Passes.

Indianapolis, June 10.—The railway commission is doing a great deal of detail work now. It has charge of an entirely new department of administration of the affairs of the state, and some time will be required before it can be established on a smoothly running basis. U. B. Hunt, C. V. McAdams and W. J. Wood, the three members, are spending nearly all their time here now. A few cases have been appealed to the commission, and they are receiving attention along with the routine that must be disposed of before the commission gets "squared away" permanently. It is not known what success has followed the attempt to stop the use of railroad passes. The commission has sent interrogatories to all the railroads for a complete list of the persons using passes over their lines, but it is understood that no replies have been received up to date. The commission has given the roads until July 1 to comply with its construction of the law, and the same number of days of grace for public officials to dispose of their passes.

#### PAYING DOLLAR FOR DOLLAR

Silver Lake Commercial Bank Is Reimbursing Creditors with Interest.

Wabash, Ind., June 10.—The Commercial Bank of Silver Lake, which failed last year, is paying dollar for dollar, with interest on claims, and there will be a surplus for the owners, Adam Stout & Son. A third dividend of 25 per cent is now being distributed to creditors, two others of a similar amount having been disbursed, and there is a considerable amount of good assets remaining with the trustee.

The capital of the bank was \$7,500, and its deposits \$25,000. A new state bank is soon to be organized in the town to succeed the Commercial bank.

#### Doctors Are Puzzled.

Connersville, Ind., June 10.—Clarence Maple of Glenwood was arrested and put in jail in this city a week ago last Wednesday at the instance of a young woman who charged him with assault and battery. Since then Maple has been gradually losing all the hair on his head, and he is as bald as the ordinary man of seventy years. Maple is a young man, but is married and has a family. Instances have been known of people's hair turning white from fright or grief, but this is believed to be the first instance of its kind on record. A physician who was consulted said he could not account for the phenomenon, but that it was one of interest to medical science.

#### Verdict Gives Satisfaction.

Mt. Vernon, Ind., June 10.—After a retirement of thirty minutes, the jury in the case of John H. Williams, city marshal, accused of attempting to kill Henry Burnett, ex-patrolman, returned a verdict of not guilty. The shooting occurred March 18. Burnett held the city marshal to be responsible for his retirement from the police force, and this provoked a hostile meeting. The verdict gives satisfaction.

#### New Law Effectual.

Fort Wayne, Ind., June 10.—Lagrange county people have taken advantage of the Moore law to drive out saloons. Of eleven townships in the county nine have demonstrated successfully, and only Bloomfield, where Lagrange is located, and Milford township, have so far failed. The remonstrances are directed against the business and not against individuals.

#### Serious Gas Explosion.

Sullivan, Ind., June 10.—There was a gas explosion in the mine operated by the Reliance Coal company, three miles north of this city, which resulted in serious injury to John and Arthur Phillips, brothers, and William White, while four other men were scorched and bruised by flying debris. There is doubt as to the recovery of the men named.

#### Decision Greeted With Applause.

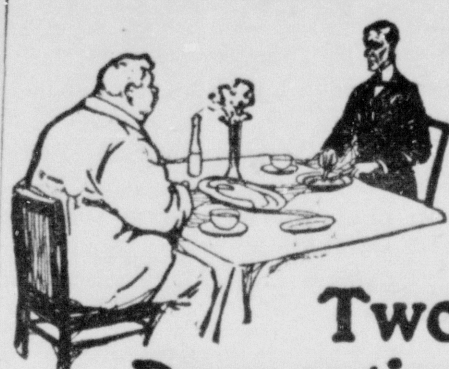

Gilmour, Ind., June 10.—Mrs. Simpson, who was tried at Jasonville on charge of shooting her divorced husband, Elsie Simpson, in his saloon in this place, Sunday night, May 28, inflicting a wound in his head, was discharged from custody, the testimony falling to support the charge. The decision was greeted with applause.

#### Woman's Relief Corps.

Madison, Ind., June 10.—Mrs. Clara M. Hess, department president of the Woman's Relief Corps, has issued orders for the state convention, which will be held at Madison, June 13, 14 and 15, at the same time that the G. A. R. holds its annual encampment at this place.

#### Sprained Ankle, Stiff Neck, Lame Shoulder.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by C. W. Milhous.

## Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

## Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to digest the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

### Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 24 times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

#### REPUBLIC IN SIGHT

Norway Having Trouble Finding a King.

Copenhagen, June 10.—All hope that King Oscar or Crown Prince Gustav will yield to the request of the Norwegian storting to place a prince of the house of Bernadotte on the throne of Norway has now disappeared, according to a Danish authority. The Danish royal family has also set the stamp of disapproval on the acceptance of the throne by a Danish prince.

It is understood that arrangements are actually being made for a national convention in Norway and this, it is believed, will inevitably result in the declaration of a republic.

According to well-informed persons here Russia and Germany will refuse to recognize the Norwegian government until King Oscar consents to the disruption of the union. Strong efforts are being made to secure similar action by other governments, including that of Denmark, and it is stated that these efforts are meeting with encouragement.

#### Court Divides on Patrick.

Albany, N. Y., June 10.—The court of appeals, by a divided court, voting four to three, sustained the lower courts in adjudging Albert T. Patrick, the New York lawyer, guilty of murder in the first degree, in causing the death of William Marsh Rice, an aged millionaire of Texas. On April 7, 1902, Patrick was convicted on an indictment charging him with the murder of Rice by chloroform and mercury, administered to him during his sickness on Sept. 23, 1900.

#### Woman Must Hang.

Albany, N. Y., June 10.—Judge Rufus W. Peckham of the United States supreme court has declined to grant a writ of error which would allow the case of Mrs. Mary Rogers of Vermont, now under sentence for the murder of her husband, to go to the United States court.

#### Body Found Far Away.

Lafayette, Ind., June 10.—The body of Willie Chamberlain, fourteen years old, was found at Perryville, in Vermillion county. He was drowned while bathing in the river, and the body floated fifty miles before discovery.

Columbus, O., June 10.—Five prisoners from the penitentiary, all in advanced stages of consumption, will come up before Governor Herriek for pardon.

#### Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by C. W. Milhous.

German Turners of America and Europe to Meet at Indianapolis.

The citizens of Indianapolis will spend \$25,000 in entertaining visitors the week of June 21st, when the North American Gymnastic Union holds its festival at the State fair grounds. This union is made up of German physical culture societies of this country, and contesting teams will come from England, Germany, Holland and Italy for the Indianapolis meeting. The Gymnastic Union holds its festivals once every four years and in magnitude and beauty they are more pretentious than the Olympic games of old. Men, women and children will make up the force of 3,000 athletes, who will camp at the fair grounds. Down in the city there will be day and night parades, band concerts and a festival play will be given. The railroad rate to the festival is one fare for the round trip, plus 25 cents, good going June 20th-23d, and returning until June 27th. Excursion tickets to Indianapolis will be sold via Pennsylvania Lines June 20th to 23d, inclusive. For time of trains and further information, consult Local Ticket Agents of Pennsylvania Lines.
